Redemptive Compassion

The purpose of Redemptive Compassion is to offer compassion in such a way that it helps to redeem and restore one to the fulness of life that God has promised.

"I have come that they may have life and have it to the full." John 10:10

Six Core Principles:

- Everyone has value
- We are called to invest relationally in each other
- Everyone has capacity and potential
- Mutual participation is important
- We must use wisdom and discernment
- How we help should offer opportunities for transformation

Please join us as we seek to restore broken relationships and empower clients to reach their God given potential through the Redemptive Compassion philosophy. We strive to offer holistic help to those we serve through relationship, compassion, and respect.
